VI. Brief description of why some requests are not granted:

There are numerous reasons why FOIA requests may not be fully granted. Some requests may be misdirected to the Federal Permitting Improvement Steering Council (Permitting Council), where there are no responsive records. The Permitting Council is a unique Federal agency charged with improving the transparency and predictability of the Federal environmental review and authorization process for certain infrastructure projects. The Permitting Council is comprised of the Permitting Council Executive Director, who serves as the Council Chair; 13 Federal agency Council members (including deputy secretary-level designees of the Secretaries of Agriculture, Army, Commerce, Interior, Energy, Transportation, Defense, Homeland Security, and Housing and Urban Development, the Administrator of the Environmental Protection Agency, and the Chairs of the Federal Energy Regulatory Commission, Nuclear Regulatory Commission, and the Advisory Council Historic Preservation); and the Chair of the Council on Environmental Quality and the Director of the Office of Management and Budget.

Depending on the records sought, a particular FOIA request may be more appropriately submitted to a Council member agency.

In addition, records may be withheld or redacted for several reasons. Internal agency communications representing a deliberative process, attorney work product, or attorney-client communications fall within the scope of Exemption 5. Private information obtained from individuals may fall within the scope of Exemption 6.

- VII. The Federal Permitting Improvement Steering Council has not published an agency FOIA regulations. Additional information about the agency FOIA program can be found on agency FOIA reading room at https://www.permits.performance.gov/fpisc-content/foia-readingroom.
- VIII. Acronyms, Definitions, and Exemptions
 - 1. Definitions of terms used in this Report are as follows:
 - a. Administrative Appeal a request to a federal agency asking that it review at a higher administrative level a FOIA determination made by the agency at the initial request level.
 - b. **Average Number** the number obtained by dividing the sum of a group of numbers by the quantity of numbers in the group. For example, of 3, 7, and 14, the average number is 8.
 - c. Backlog the number of requests or administrative appeals that are pending at an agency at the end of the fiscal year that are beyond the statutory time period for a response.
 - d. Component for agencies that process requests on a decentralized basis, a "component" is an entity, also sometimes referred to as an Office, Division, Bureau, Center, or Directorate, within the agency that processes FOIA requests. The FOIA now requires that agencies include in their Annual FOIA Report data for both the agency overall and for each principal component of the agency.
 - e. **Consultation** the procedure whereby the agency responding to a FOIA request first forwards a record to another agency or component within the same agency for its review because that other agency has an interest in the document. Once the agency in receipt of the consultation finishes its review of the record, it responds back to the agency or component within the same agency that forwarded it. That agency, in turn, will then respond to the FOIA requester.
 - f. **Exemption 3 Statute** a federal statute that exempts information from disclosure and which the agency relies on to withhold information under subsection (b)(3) of the FOIA.
 - g. **FOIA Request** a FOIA request is generally a request to a federal agency for access to records concerning another person (i.e., a "thirdparty" request), or concerning an organization, or a particular topic of interest. FOIA requests also include requests made by requesters seeking records concerning themselves (i.e., "first-party" requests) when those requesters are not subject to the Privacy Act, such as non-U.S. citizens. Moreover, because all first-party requesters should be afforded the benefit of both the access provisions of the FOIA as well as those of the Privacy Act, FOIA requests also include any

first-party requests where an agency determines that it must search beyond its Privacy Act "systems of records" or where a Privacy Act exemption applies, and the agency looks to FOIA to afford the greatest possible access. All requests which require the agency to utilize the FOIA in responding to the requester are included in this Report. Additionally, a FOIA request includes records referred to the agency for processing and direct response to the requester. It does not, however, include records for which the agency has received a consultation from another agency. (Consultations are reported separately in Section XII of this Report.)

- h. **Full Grant** an agency decision to disclose all records in full in response to a FOIA request.
- Full Denial an agency decision not to release any records in response to a FOIA
 request because the records are exempt in their entireties under one or more of the
 FOIA exemptions, or because of a procedural reason, such as when no records could be
 located.
- j. **Median Number** the middle, not average, number. For example, of 3, 7, and 14, the median number is 7.
- k. **Multi-Track Processing** a system in which simple requests requiring relatively minimal review are placed in one processing track and more voluminous and complex requests are placed in one or more other tracks. Requests granted expedited processing are placed in yet another track. Requests in each track are processed on a first in/first out basis.
 - Expedited Processing an agency will process a FOIA request on an expedited basis when a requester satisfies the requirements for expedited processing as set forth in the statute and in agency regulations.
 - ii. Simple Request a FOIA request that an agency using multi-track processing places in its fastest (nonexpedited) track based on the low volume and/or simplicity of the records requested.
 - iii. **Complex Request** a FOIA request that an agency using multi-track processing places in a slower track based on the high volume and/or complexity of the records requested.
- I. **Partial Grant/Partial Denial** in response to a FOIA request, an agency decision to disclose portions of the records and to withhold other portions that are exempt under the FOIA, or to otherwise deny a portion of the request for a procedural reason.
- m. **Pending Request or Pending Administrative Appeal** a request or administrative appeal for which an agency has not taken final action in all respects.
- n. Perfected Request a request for records which reasonably describes such records and is made in accordance with published rules stating the time, place, fees (if any) and procedures to be followed.
- o. **Processed Request or Processed Administrative Appeal** a request or administrative appeal for which an agency has taken final action in all respects.
- p. **Range in Number of Days** the lowest and highest number of days to process requests or administrative appeals.
- q. **Time Limits** the time period in the statute for an agency to respond to a FOIA request (ordinarily twenty working days from receipt of a perfected FOIA request).
