► SUBMISSION INFORMATION

Title	Kosciusko Junction Pipeline Project
Sector	Sector: <u>Pipelines</u> Type : <u>Interstate Natural Gas Pipelines</u>
Project Location Address	• Street address 1: 1012 S Beauchamp Ave City: Greenville State: Mississippi Zip: 38703 County: Washington County
Coordinates	• Latitude: 33° 23' 35.85" Longitude: 91° 1' 0.11"
(project_sponsor_contact_information_fileds)	• Company Name/Agency: Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC Project Sponsor: Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC Street Address: 9 E Greenway Plaza #2800 City: Houston State: Texas Zip: 77046 POC Name: Kimberly Tarr POC Title: Senior Vice President of Operations and Engineering POC Work Phone: <u>(713) 479-8069</u> POC Email Address: <u>Kimberly.Tarr@bwpipelines.com</u>

(alternative_point_of_contact_fields)	• Company Name/Agency: Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC Project Sponsor: Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC Street Address: 9 E Greenway Plaza #2800 City: Houston State: Texas Zip: 77046 POC Name: Victor Flores POC Title: Senior Director of Major Projects POC Work Phone: (713) 479-8084 POC Email Address: Victor.Flores@bwpipelines.com
(project_purpose_fields)	Forecasted demand for natural gas in the Southeast United States, primarily driven by power generation needs to support the significant capital investments in AI-based data centers and large industrial loads, has seen a dramatic increase in the past 18 months. The purpose of the project is to provide gas supply needed to meet this growing demand for electric generation in Mississippi and the Southeast. The project will connect supply from the Haynesville, Utica/Marcellus, and Fayetteville basins to markets in the Southeast that are tied into Gulf South's existing system or served through new and existing pipeline interconnects. The project is designed to provide up to 1,175 Mdth/d of new gas transportation capacity to these end-use markets.
(project_description_fields)	The project consists of approximately 110 miles of new 36-inch pipeline, six new compressors at new and existing stations, and new receipt or delivery meters at five locations. The project will create 1,175 Mdth/d of firm transportation capacity to markets in the Southeast.

(technical_financial_ability_fields)	Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC are subsidiaries of Boardwalk Pipelines LP, which is headquartered in Houston, Texas. Boardwalk's leadership, officers, and project management team have significant experience in designing, permitting, and operating interstate natural gas pipelines and related infrastructure. Boardwalk will retain appropriate consultants to support the engineering, environmental, and other work necessary to progress the project through all stages of development and construction. The project has strong market support, with binding agreements from three shippers for 1.1 Bcf/day of the total 1.75 Bcf/day in firm capacity, for a period of either fifteen (15) or twenty (20) years.
Summary of Financing, Reviews and Authorizations	The project will not involve any Federal financing. Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC will request a certificate of public convenience and necessity from the Federal Energy Regulatory Commission (Dockets No. CP25-547-000 and CP25-549-000) and other permits, authorizations, or consultations required under federal including a Section 7 Formal Consultation (U.S. Fish and Wildlife Service), Nationwide Permits under Clean Water Act Section 404 (U.S. Army Corps of Engineers), and Clean Water Act Section 401 certification from Mississippi, as well as additional authorizations from the Mississippi Department of Environmental Quality, the Mississippi Department of Wildlife, Fisheries, and Parks, and the Mississippi Department of Archives and History.
Project Assessment	This project will require authorization and review by the Federal Energy Regulatory Commission and will involve the construction of infrastructure for pipelines and associated facilities. The project is subject to NEPA, will require a total investment of more than \$200,000,000, at this time does not qualify for abbreviated authorizations or environmental review processes under any applicable law.
Submitter Contact Information	• Name: Mike McMahon Title: Chief Legal and Regulatory Officer Work Phone: (713) 479-8059 Email: Mike.McMahon@bwpipelines.com
